

inCharge®

Classic

The **functional** give away

inCharge is an innovative and useful keyring cable invented in 2015 by Ferraris Group.

It snaps onto your keychain so it's never lost or left behind, making low battery a problem of the past.

Charge
& Sync

Magnetic

Portable

Universal

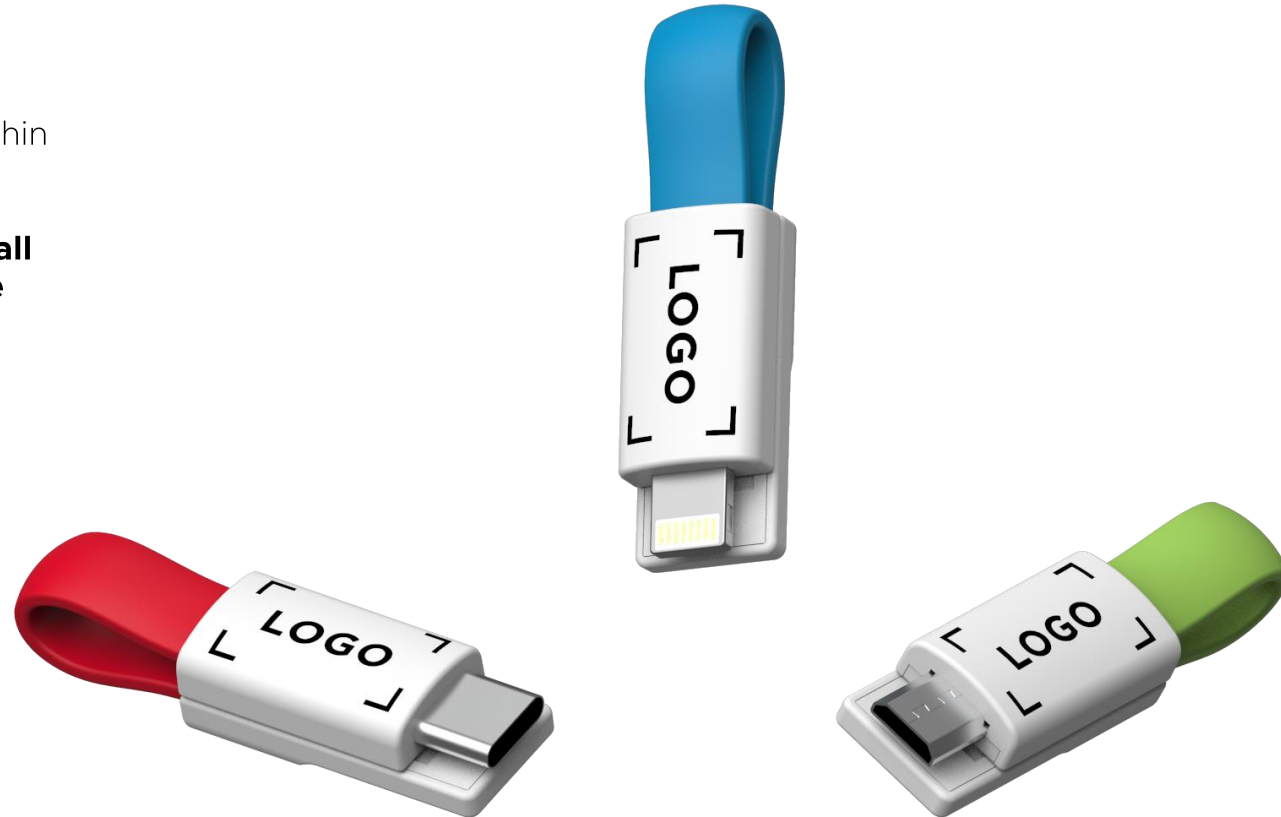

Compatibility

inCharge Classic is available with **iPhone**, **MicroUSB** or **USB-C** connector.

You can order a mix of the 3 connectors within the same order.

This is the perfect choice if you are on a **small budget**, but still want to cover **any portable device** out there.

inCharge®

D U A L

The unique **Dual connector**

inCharge Dual smartly combines **iPhone and MicroUSB** connectors **in the same cable**.

The **Basic** version works one side with iPhone and the other side with MicroUSB, it's the perfect choice for any pocket.

The **Plus** version works on both sides with iPhone, just like the original iPhone cable. iPhone users won't need to mind which way they plug it in.

Thank you!
